

# CTOMS - TRACE - RED KIT - Special Operations Capable (SOC) Kit

## DESCRIPTION

Rescuing casualties from a roof, upper floors, ships or confined spaces has now become significantly simplified. The RED Kit increases your mission capability without a significant increase in weight burden. The RED Kit is an evolution of the TAN Kit with some minor adjustments in components and carriage configuration. This is the flagship kit of TRACE™ Systems providing the ability to perform advanced application use in high angle and confined space rescues, rappels, ascending, lowers, hauls, climbing and more. This tiny kit is unmatched in capability and safety in its weight class. Ideal for the team medic or rescue specialist.
