

REBS RIGID POOL LADDER

DESCRIPTION

The REBS Rigid Pool Ladder is aluminum arc hook boarding ladder with a Wide Wire Ladder interface for extended reach. The lightweight Pool ladder also has a telescopic pole interface that extends the user's effective reach during placement.

The ladder length is 9.3ft/2.8m - ideal for low to medium boarding heights. The system floats in water and has a MBL of 661 lbs/300kg. The Pool Ladder is constructed from black anodized high strength aluminum alloy with high friction grip surfaces. Standoffs create space for hands and feet while climbing.
