

BLUEWATER RESCUE HARNESS

DESCRIPTION

This lightweight and durable harness utilizes a unique slot style weave webbing that comes together to create an exceptionally strong and comfortable sit harness.

- The soft tie in point maintains the proper noise discipline for more discreet needs and a quick adjust two piece buckle design makes it fast on and off
- A generous number of gear loops makes for a more organized harness during an emergency
- Contrasting stitching makes inspection easier
- One size fits most
- Manufactured in the U.S.A. from Domestic and Globally sourced raw materials.

CAPABILITIES AND SPECIFICATIONS
