

MISTY MOUNTAIN SPARTA COBRA BELT

DESCRIPTION

Designed to hold up BDU's and tactical pants with style and sophistication, the Sparta Cobra Belt features a tapered, 1000 denier Cordura reinforced front attachment loop and the load rated Austri Alpin Cobra buckle. The attachment loop protrudes from the belt face, facilitating easy access for clipping with a locking carabiner or tying in with a rope. Durable US woven 1.75" wide nylon belt webbing is double layer with a sandwich of HDPE for stiffness. Easily supports heavy pouch or sidearm without folding. Strength rated to 3,000 lbs (13kN) in loop formation, Misty Mountain's Sparta Cobra belt offers a stylish way to hold up tactical pants, while providing a useful safety device for tethering while traveling in an aircraft or in emergency situations, such as short rappels when a sit harness is not available. Made in the USA by Misty Mountain. Available in Coyote Brown, Black or MultiCam woven webbing.

CAPABILITIES AND SPECIFICATIONS

PN: MISTY-ISH-SPARTA-BELT-COBRA

Brand: Misty Mountain

Material Construction: Nylon

Weight: 9.4 oz / 266 g

Deployed Dimensions: N/A

Stowed Dimensions: N/A

Typical Reach Height: N/A

Available Colors: Coyote brown, Black, Multi-cam

MBS: 13 kN

Modular: Yes

Quick Releasable: N/A

Sizes/Lenghts:

Medium (31-36 in / 79-92 cm)

Large (35-40 in / 89-102 cm)

Extra Large (39-44 in / 99-112 cm)

RECOMMENDED MISSION PROFILES

VBSS: Surface, Sub Surface, GOPLAT, Tagline

Dive Operations: Boarding, Powered Ascent, Ladders, Tagline,

Rescue: High Angle, Airborne, Swift Water/Flood, Disaster Response, Maritime

Urban: Hook and Climb, RECCE/SNOT, EOD, Industrial

Mountain: Alpine/Rock, Snow/Glacier, Adobe/Softwall,

Airborne: Rappel, FRIES/SPIES, Non-Standard aircraft, Rotary Wing Aircraft, Fixed-Wing-Aircraft
